## CURE Program: Continuing Umbrella of Research Experiences (CURE)

The CURE program supports underrepresented students and scientists along their academic and research career pathway, with three primary goals: to increase the pool of well-prepared young students, to emphasize strategic and scientific areas of need, and to expand and extend the period of training so that the trainees are more competitive for achieving research independence.

### PROGRAM GOALS

**Increase the size of the talent pool**

**Emphasize scientific areas of greatest need**

**Expand and extend the period of training**
