

# DRIVING PROGRESS AGAINST CANCER TOGETHER

Advances against cancer are made when all stakeholders committed to fundamentally changing the face of cancer work together. Further increasing collaboration will accelerate the pace of breakthroughs in the future. The key stakeholders are:

patients, survivors, and their caregivers, family members, and friends;

policy makers;

health care providers;

regulators;

academic and government researchers from a diverse array of specialties;

philanthropic organizations and cancer-focused foundations;

biotechnology, pharmaceutical, diagnostics, and medical device companies;

federal funding organizations; and

individual citizen advocates and members of advocacy groups;

payers.
